**PERFORMANCE AND ROAD CONSTRUCTION WARRANTIES
Fiscal Year (FY) 2013**

The Michigan Department of Transportation (MDOT) continues to collaborate with road construction industries and its many other customers to develop and enhance performance and materials and workmanship warranties for road construction projects as required by Public Act 200, Public Acts 2012.

MDOT has/will let 145 warranty projects in the Rehabilitation/Reconstruction (R&R) and Capital Preventive Maintenance (CPM) Programs for FY 2013 consisting of the following:

- 114 Projects in the CPM program. These are two to three year Materials and Workmanship and Performance Warranties.
- 31 Projects in the R&R program. These are five year Materials and Workmanship Warranties.

MDOT and the contracting industry continue to make use of the Statewide Warranty Administration Database (SWAD) to track and monitor the status of warranty projects.

MDOT continues to explore new and innovative construction and contracting methods such as Construction Management General Contractor and Public Private Partnerships in order to provide the highest quality integrated transportation service for economic benefit and improved quality of life for all of our customers.
